RESIDENCE HALL NAMING DEFERRED

BOARD OF REGENTS WILL SELECT NAME LATER

PRAISE RETIRING REGENTS

Resolution Passed Commending W. A. Blagg and Charles L. Mosley For Faithful Service

Because of the amount of other business coming before the meeting of the Board of Regents of the Northwest Missouri State Teachers College, which was held at St. Joseph yesterday, the naming of the new girls' Residence Hall was deferred until a later time. A larger number of names have been submitted to W. A. Rickenbrode, registrar and the author of the winning name will receive ten dollars in gold.

In addition to the re-electing of Uel W. Lamkin as president and W. A. Rickenbrode as registrar of the college, and the re-organization of the board with the election of W. F. Phares as president, the only other completed business matter was the final financial settlement for construction of the Residence Hall. At the last meeting of the board the building was accepted and the Campbell Construction Co., who held the general contract, was paid. Yesterday the C. F. Rock Plumbing and Heating Company of St. Joseph, who held the heating and plumbing contract for the building, were paid after its work had been accepted.

The new board passed a resolution praising the efficient and faithful work of W. A. Blagg of Maryville and Charles L. Mosley of Stanberry, the retiring members of the board. The following is the resolution:

Whereas, Mr. W. A. Blagg of Maryville is retiring from membership on the Board of Regents, after having served there for twelve consecutive years, and Mr. Charles L. Mosley of Stanberry is retiring after having served on this Board eight years, and

Whereas, both of these men have striven earnestly, faithfully and efficiently for the upbuilding of the Northwest Missouri State Teachers College, giving generously of their time and best thought to the College with no compensation other than the satisfaction of contributing to the success of the institution and thereby to the educational welfare of the young people of Northwest Missouri.

Therefore be it resolved, that this Board express its deep appreciation of the fine work done by Mr. Blagg and Mr. Mosley as regents, and the grateful regard in which they are held by members of this Board.

Resolved, further, that these resolutions be spread upon the records of this Board and that copies thereof be given to Mr. Blagg and Mr. Mosley.

Glee Club Recital Was Much Enjoyed

Numbers Were All Enchored—The Reader Was a Feature of the Program.

The Missouri Wesleyan College Girls Glee Club went over big in their concert at the Christian Church last night. All of the numbers on the program were encored and the audience was pleased with the concert. Perhaps the feature of the program was the readings by Miss Mildred Baxley, who read "Who's Afraid and Nixie of the Neighborhood."

The violinist who was to accompany the Glee Club was unable to come to Maryville.

The Glee Club was directed by Herbert C. Kelsey and Miss Leonore Du Bois was the assistant director. Those of the club who were in Maryville last night were:

First Sopranos—Helen Cleveland, Mildred Bender, Mildred Robinson, Roma Cooper. Second Sopranos—Twila Atherton, Grace Hainline, Nila Garfield, Leata Crumpler. First Altos—Christene Kendall, Mildred Baxley, Mildred Connor, Neva Garner. Second Altos—Louise Ferris, Elsie Mae Ingram, Ruth Moser, Verne Kuebler.

Miss Helen Baker, who is teaching in the Kansas City schools, is spending the Easter vacation with Miss Helen Brainard in Martin City.

In the old days when a man who formerly was spick and span became shabby it was declared there was a baby in the house. Now when he becomes seedy it is known he has a Ford in the garage.

APRIL TERM MAY BE PUT OFF WEEK?

SOME QUESTION AS TO TIME OF CIRCUIT COURT TERM

NEW LAW WAS PASSED

Setting This Term For the Second Monday in April—Approved By Governor On March 21

There was some question today as to the time of convening the April term of circuit court. The recent legislature enacted a measure which was signed by Governor Hyde on March 21 convening the April term of circuit court in this county on the second Monday of April. This measure contained an emergency clause, making it operative and effective at once.

The April term of court was set for next Monday, the first Monday in April. Since setting the date, the recent measure became a law.

There was some discussion among the lawyers today of the new law. It was suggested that court could convene Monday and then take an adjournment until the following Monday.

There are 173 cases on the docket for the April term. Of this number twelve are on the parcle docket, forty-eight on the equity docket, eighty five on the trial docket, and twenty-eight on the criminal docket.

On account of the farmers being busy at the time of the April term, it was thought only a few jury cases will be tried at this term. Many of the cases, it was said, will be continued until the next term.

The recent measure provides for the convening of court in Nodaway County on the second Monday in January and the first Monday in October in addition to the second Monday in April. The terms for Atchison county are set for the fourth Monday in February, the third Monday in August, and the fourth Monday in November. In Gentry county, the terms are on the third Monday in March, the second Mondays in September and December. In Worth county, the terms are on the second Monday in February, May and November.

SNODGRASS WRITES ABOUT ELECTION

SAYS BOTH MEN ARE CLEAN AND OF HIGH CHARACTER

URGE PEOPLE TO VOTE

However the Outcome, He Will Stand By the Successful Candidate In Enforcing Law, He Says

The Rev. R. E. Snodgrass, pastor of the First Christian Church, had the following in this week's Radio on the city election to be held next Tuesday:

The campaign is growing hot. In a way it is to be regretted. Both candidates are men of good character and are held in high esteem. This is not and must not be made a personal fight. Both candidates are too clean to justify anyone dragging them or their names into the mire of personal attack and condemnation.

The writer has some general rules for all political contests which he finds of great value in helping him to decide how to vote. My platform has been announced repeatedly and was stated in this campaign before there was any contest on for mayor, so the re-stating of it now cannot be understood as personal. It is the same platform upon which I stood in the campaign last fall.

Briefly stated it is this. In every campaign where law and order are issues involved, I try to line up with those who respect the law and insist on its rigid enforcement, as against those who want to violate the law and persist in making the law of no account.

It is very seldom true that all who line up on either side are law violaters and especially is it not so in this campaign, but you will find that invariably those who violate the laws respecting boot-legging and gambling line up together, for the side from they expect to receive the greatest favors and the most leniency. Well, as before stated, I prefer to uphold the law as against that crowd.

It is far from my purpose to try to tell anyone how to vote in this little statement. Every American citizen has the right to vote as he wishes. This is one of the fundamental principles of our government. We advise here the same general rules that we advised last fall and which apply in most all contests of a political nature.

1. Be sure to vote. Every legally qualified voter should exercise the right of the ballot.

2. Weigh every question involved, seriously and honestly. If there are any moral issues involved, give them the right of way, over every other one.

3. Vote conscientiously. The only boss you should have on election day is the boss of your own conscience. Weigh all arguments as stated above, then follow, not the crowd or the money or the ring, but the leadings of your conscience.

4. Vote with a prayer upon your heart. It is not sickly sentimentality for one to ask God to direct him in the proper weighing of the issues and the casting of the ballot. While the present election is but a little city election, yet it has to do with the life of our city. The lives of our people need to be guarded. Our children must have the advantage of a healthful and truly moral atmosphere. The sort of influences that radiate in our city, for good or evil, should be and are of great consequence to every parent and to all who are concerned in a better Maryville. These things are enough to make any election, big or little, important.

With these few suggestions we rest the issues with the voting populace of our city, and however, the outcome, the successful candidate will find the writer one upon whom he can depend to stand by him in every worthy undertaking and in every effort he may put forth to enforce the law and make Maryville a cleaner and better place in which to live.

H. S. Radio Club Visits Broadcasting Station

Twenty Members Make Trip To Home Of Forrest Martin and Examine Set

The high school radio club visited the home of Forrest Martin, one of the members of the club, to see his transmitting station this morning. About twenty members made the trip. They all gathered in the transmitting room, and watched young Martin demonstrate his set. The demonstration was instructive as well as entertaining. Martin's transmitting station is quite complete and efficient. He first talked with another amatuer, by use of code. He then took down messages from some of the members of the club to their friends over the country. These messages will reach a number of distant stations. One message is for a station in Ohio, and another will go to Los Angeles, California. The members feel that they have benefitted from the trip, as the purpose of the club is to learn more about radio. Mrs. Verne Manley, instructor of science at the high school, is director of the club, and Jesse Michaelson is the president.

Squire Townsend to Tie 1st Matrimonial Knot Free of Charge

Squire W. A. Townsend, justice of the peace elected at the township election held last Tuesday, will hang out his shingle within the next ten days. He has not yet selected his office but is assured of the fact that he will open up for business.

As a sort of an advertisement the Squire has made the statement that he will marry the first couple that comes to his office, free of charge. "Just to show them that I know how to do it," he said.

In discussing the matter of the duties of a justice of the peace, Squire Townsend said, "Nearly every man has his favorites and his pets. I haven't. They will all look alike to me and I think that a man who lets his favorites prejudice him is not big enough for his job. They'll all get the same treatment from me."

The newly elected justice is not new at the game by a long shot. For fifteen years, before coming to Maryville he was a justice of the peace and he held that office in Maryville for two years.

So the Squire will start into business in earnest and when he unlocks his door for Benedicts and law breakers he wants the "younguns" to remember that he will tie his first matrimonial knot "free gratis fer nothin'."

In the evening at the Maryville church the cantata, "The Greatest Love," by H. W. Petrie, under the direction of Price Doyle, choir leader, will be given.

In presenting the cantata, "The Greatest Love" next Sunday evening, the Christian Church choir is offering a production written by one of the most popular of America's composers. For years H. W. Petrie has stood at the head of the writers of bass solos. His "Asleep in the Deep" has had one of the widest circulations of any song written, and has enjoyed as long a period of life as any other, and more than most of them. In this Sacred work, he has surpassed all his former efforts, not only weaving in several bass parts, but extending his efforts in soprano, contralto and tenor solos.

The text of this cantata deals with the resurrection of Christ, and portrays through mood as well as through words the glories of that great event. A large chorus choir of thirty-five will render the entire cantata, Price Doyle directing, with Miss Ola Smith at the organ, and Mrs. June Blagg at the piano. Luther A. Richman will assist the choir, singing two of the baritone solos. Other solos will be sung by Mrs. F. P. Robinson, Mrs. Harry Todd, and Price Doyle, in addition to duets, trios, etc. The public is cordially invited to attend this concert, beginning at 7:30 p. m., the program of which follows:

6 DEAD, 14 HURT IN TRAIN WRECK

BIG FOUR FLYER STRIKES AUTO AT CROSSING

WAS GOING 70 MILE PER

Trying To Make Lost Time—Auto Carried a Block and Coaches Derailed

Columbus, O., March 30.—At least six persons were killed and not less than fourteen more were injured today when the Big Four train No. 11, enroute to this city from Cleveland, struck an automobile at the Oakland Park Avenue crossing in north Columbus.

A checkup this afternoon showed the dead to be:

Mrs. Frank Heminger, 27, of Columbus, Robert Hemiger, 5, and an infant son, Horace Holbrook, a Warren Ohio publisher, John Clee, a fireman of Cleveland, and Earl Wilson, a fireman of Columbus.

A search is being made of the wreckage for the bodies of one or two other thought to have been killed.

Mrs. Heminger, who is the wife of a local attorney, and her children were in the car and were instantly killed. It is thought that a brother of her was in the car and that his body may be in the wreckage. The train was late and it was said to have been running seventy miles an hour.

Columbus, O., March 30—The death of nine persons and the injury of twenty others are said to have resulted from a collision between a Big Four train No. 11 and an automobile this morning at the Oakland Park crossing in North Columbus. The engine and four cars were derailed and the coaches of the rest of the train were turned over.

When the accident occurred the train was running at excessive speed to make up lost time. Physicians from all parts of Columbus and all available ambulances were rushed to the scene. Three of the persons killed are said to have been passengers. All of the occupants of the auto, a man, woman and child, are said to have been killed. The auto was carred the length of a block on the pilot of the engine.

No. 11 is one of the finest trains of the Big 4 and was said to be moving at a rate of seventy miles an hour when the accident occurred.

FRANCE IS OPEN FOR RUHR OFFER

BUT GERMAN OFFER MUST BE SERIOUS AND DIRECT

POINCARE SENDS MESSAGE

To House of Deputies—Semi-Official Negotiations Will Not Be Considered

Paris, March 30—Premier Poincare today sent a message to the Chamber of Deputies stating that France would examine any offer made by the German government through the Allies for settlement of the Ruhr problem providing it is, "precise, serious and direct."

Heretofore France has maintained that any German offer would have to be made direct from Berlin to Paris. Poincare's announcement was received with much applause. Later the Chamber of Deputies adjourned until May 8 after appropriating sufficient money for military administration in the Ruhr.

Poincare's message was carefully worded and was received just before adjournment for the holidays. He said that they would not consider any negotiations not seriously written or any attempts toward mediation. The note said:

"We will not accept any semi-official or indirect negotiations but the day that the German government realizes that resistence is destructive to itself, and will bring to us or to the Allies, a serious, precise and direct proposal, we will examine it with loyalty and justice."

There are only two sources through which the proposal could be made, Great Britain or Italy.

A. Hatton, a merchant, and a number of his friends, who were playing poker.

According to Hattoon, who placed the whole affair before Commissioner Louis Oppenstein today, two officers appeared at the window under the cover of raincoats hiding their uniforms and badges, and took nearly a $100 and jewelry from him and his friends. He declared that he saw their uniforms and badges through the raincoats when they flapped open.

The commissioner has ordered all policemen to appear at his office today in uniform when Hatton and his friends will be asked to pick the men who robbed them.

A basket dinner will be served at noon in the school yard and at 1 o'clock Bert Cooper of the State Teachers College, will deliver an address. This will be followed by a program from the rural schools, each school to give one number.

On this day the Vitalized Agriculture School Fair and the Rural School Games will be held. These are being held with three purposes, namely: to stimulate and direct educational progress along practical lines, to teach such scientific facts in reference to agriculture and domestic science as will stimulate a habit of observation: that will enable boys and girls to recognize good and bad qualities in the products which they are to produce, and to utilize the natural love of young people competition by giving prizes which will excite greater energy and activity for furthering their own education.

In the track meet to be held in the afternoon the boys and girls will complete in separate events. The events for the boys are 100 yard dash, standing broad jump, high jump, and 220 yard relay. The girls will compete in the 50 yard dash, standing broad jump, 220 yard relay and the ball throwing contest.

Competitors will be divided into two classes. Class A will be for contestants weighing 75 pounds and over and class B will be for those weighing less than 75 pounds.

All entries for the meet must be in the mails by April 8 and must be mailed to J. J. Rode in Hopkins. Schools may enter two contestants in each event but only one may compete.

Points will be given to the winners. First place will count 5 points, second 3 and third 1. The relay will count 10 points for first place, 7 for second and 5 for third.

A banner 24 by 36 inches will be given to the school winning the meet.

Curfman Brothers

Don't delay fighting constipation with BRAN that is ALL BRAN!

When constipation flashes its signals-of-sickness into your eyes and cheeks; into your breath, your brain and your appetite, it is absolutely necessary that you head it off! Toxic poisoning stands close by; Bright's disease and other dangerous diseases await their turn!

The remedy that nature offers is the simplest and most effective—Kellogg's Bran, cooked and krumbled, which is ALL BRAN! And it is ALL BRAN! It is ALL BRAN you need when you start to fight constipation. You can't afford to delay a minute and you can't afford to use half-way measures with foods that contain a percentage of bran! Your physician will recommend Kellogg's Bran because it is not only effective, but because it is delicious. Why—you will like its nut-like flavor, which adds so much to any food with which it is served.

Be certain to eat Kellogg's Bran regularly—at least two tablespoonfuls daily; in chronic cases with each meal. Results will prove astounding. Remember that Kellogg's Bran is nature's own regulator, which operates in nature's way—which is the best way!

Eat Kellogg's Bran as a cereal, sprinkled on other hot or cold cereals, or make it up into the best of muffins, pancakes, raisin bread, cookies, macaroons. Kellogg recipes are printed on each package. Let the children eat Kellogg's Bran. It is wonderfully beneficial. It will improve their health just as it will really and truly make over men and women. The value of Kellogg's Bran cannot be overestimated. Sold universally by grocers.

To Eliminate Radio Interference Here

Schedule Adopted By Amateurs and Broadcasting Listeners, Giving Times For Each

Owing to the increasing number of both broadcasting listeners and amateurs in Maryville it is necessary to provide a schedule so that the two groups may cooperate.

In view of the interference which has occurred in many towns and cities the following plan has been adopted and has met with success.

7:30 p. m. to 8:00 p. m.—Quiet period for long distance reception, no transmitting.

8:00 p. m. to 10:30 p. m.—No transmitting by stations other than those emitting a pure continuous wave.

6:00 p. m. to 12:00 p. m.—No transmitting by stations using a damped or spark wave.

At other times any legal transmitter may be operated.

The above schedule will be observed by local amateurs in cases where interference occurs. Any complaints of amateurs breaking this schedule should state the name of offending station and the time when interference occurred and should be mailed to R. A. Cline, S. Buchanan street, Maryville, Mo.

Foster was elected American representative of the central executive committee of the Trade Union Internationale at its congress in Russia, it was established today in the radical trial of Foster and other alleged "Reds." He said that he did not refuse the appointment but that he was not there when it was made.

"I understood that I was elected but I never received any official notice of my election," Foster declared upon the witness stand.

"You never officially refused it then?" he was asked by the state counsel.

"Naturally not," he replied, and added that he had heard of it only through press dispatches.

Small Girl Struck by Hurling Discus

Two Pieces Of Skull Removed From Head Of Elizabeth Cain Of Stanberry At Hospital Here

Elizabeth Cain, 8-year-old daughter of Mr. and Mrs. Selva Cain of Stanberry, who was seriously injured Wednesday being struck by a discus, is improving at the St. Francis Hospital here. Unless unforseen infection develops it is thought that she will recover. In the operation it was necessary to remove two large pieces of skull.

The boys of the Stanberry High School were practicing for track on the school grounds Wednesday and Elizabeth as she came out of school stopped to watch them. A bad throw was made by one of the boys hurling the discus, and it struck her on the side of the head. She was immediately rushed to the hospital here for an operation. Her father is an engineer on the Wabash Railroad.

Maryville Boys Train At the College And Out of Town Boys at Their Homes

The State Teachers College track men are working out in earnest this week. Although Coach Maynor has not been out with the men all those who live in Maryville were out on the cinders at the College yesterday taking a real work out.

Since the first meet of the season is to be with Tarkio College in Maryville on April 20 the weeks Easter vacation would handicap the men, did they not keep in training. Those who went home for the holiday period are working out in their respective towns and the Maryville boys are training daily at the College.

Those who are out for the team from Maryville are Smith, Davenport, Mapel, Barry, Roach, W. Smith and Robey.

Purify your Blood this Spring with S.S.S.

OF course you will purify your blood, you realize the importance of it. Many people, however, overlook the fact that Winter, with its heavy meat diets, has left their blood thick and sluggish. That listless, tired feeling creeps over them. They feel that something is wrong—yet, they can not say just what! But isn't it easy to throw off the ills of winter! Take, for instance, S. S. S., the world's best blood medicine for five generations. S. S. S. purifies the blood. It makes it clean and rich. S. S. S. will give you greater endurance, energy and strength!

Mr. D. S. Cantrell, 1202 East 4th St., Alton, Ill., writes: "For five years I was troubled with pimples and blackheads on my face and back. After taking S.S.S. for only a short while all my pimples started to leave. I feel 100% better and can eat more than ever. S.S.S. is a grand medicine."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical. Get a bottle today!

Hull, formerly of this place, but now living at Glenwood, Iowa, will be transferred here to take charge of the section crew when Mr. Sayler leaves.

Mrs. Ethel Eggers and daughter, Neva, of Maryville visited here Monday with her daughter, Mrs. Ruby Eggers Moore.

Mrs. Wm. Rogers of Maryville is visiting this week with the family of her daughter, Mrs. J. W. Hollensbe.

In the township election last Tuesday all the officers were re-elected with the exception of W. R. McKee, who was beaten by Frank Green for the office of collector by thirteen votes. Mr. McKee was appointed last year by the county court to fill out the unexpired term of Mrs. Eva Pettit, who resigned after serving one year as collector.

Dr. E. L. Crowson is the latest victim of the radio bug in Pickering and took the cure the first of the week by having a receiving set installed in his home. It is said that the Doctor gets so much interested in some of the entertainments he hears that he forgets to feed his Buttercup hens regularly of evenings.

There has been no school at Bloomdale this week nor last week on account of the illness of the teacher, Miss Hazel Burke. Mrs. Thomas Latimer substituted for Miss Burke in giving the preliminary examinations for the seventh and eighth grade pupils on Thursday and Friday of this week.

The Pickering merchants will put on their annual spring bargain day sale next Saturday. Almost all the stores are offering special prices on their various lines of wares and a large crowd is expected. The Wesleyan Society of the M. E. Shcool Notes.

The pupils of the seventh and eighth grades are taking the preliminary examinations Thursday and Friday of this week and are all making splendid grades.

Plans are being made to have a representative of the high school take part in the inter-high school contests in Maryville the latter part of April.

County Superintendent Somerville and a state high school inspector visited the school Thursday afternoon.

We are sorry to lose Irene and Rosie Sayler, who are moving with their parents to Lenox, Iowa, the last of this week.

Mrs. Kemper returned to her home in Maryville on Monday after a week's visit with her daughter, Miss Bess Kemper.

Methodist Church.

Some of our ladies are planning to attend the district convention of the W. F. M. S. at Hopkins next week.

Next Sunday will not only be Easter, but the first Sunday of the spring quarter and we are expecting some new folks to start attending Sunday school. We ought to have 200 in Sunday school. Will you be one? There will be a class to suit everyone.

As Easter is to be Membership Day throughout the church an opportunity to unite with the church will be given at the service Sunday morning. There will also be special music.

The Wesleyan ladies had a very fine meeting at the church Tuesday afternoon. There were about thirty present. They voted to build a much needed kitchen on the parsonage. The building will be raised 18 inches and a 12x14 kitchen with porch and bath room built on the west. Sand was hauled Thursday and work will begin immediately. C. G. Swinford, Sr., will have charge.

Christian Church

Our goal may be set pretty high, but, unless you have goals you never get very far. What is our goal, you ask? Well, in a very few words we will say that it is 250 in Sunday School next Sunday. Did we hear you say it couldn't be done? That kind of spirit never wins a battle. Lets buck right in, with a grin, and do it. We can if we will. Will you? Be one of the 250 and there may be 249 others beside you. Then, if there is, we shall have the desired number.

Sunday will be promotion day. We are sorry to say that we do not know just who the ones are to be promoted.

The girls seem to have the best of the race to the Panama Canal. They were there in increased numbers and from the rumors we hear they are intending to be back on the job again next Sunday. The boys are trailing far behind but they are hoping that when the girls get to Florida they will stop off and take in the sights along the beech while the boys are fighting the sands and hills of Mexico. At present reading of the spedometers the girls are 900 miles on the way and the boys are only 380. That does not sound a bit good boys. Have you got soaked up with that "it can't be done" spirit? If you have, unsoak yourself and lets wake up. Show the girls you still have some pep.

On account of sickness, bad roads and other things, the Easter program has been dropped. But do not think that we have decided not to give you something different. We have, if the present arrangements go through. Come to the church next Sunday night and see what it is. You will enjoy the trip very much and get some profit from it also.

Sunday is our day for offering to Benevolence. Do not forget the needy ones when you make your offering.

Remember the dates of the state convention to be held in Kansas City, April 17-19.

We had intended to give you a very pleasant surprise next Sunday night but have an idea that you will appreciate us telling you what we have in mind. There will be three reels of Bible pictures shown here Sunday night. All are interested in Bible pictures. Bring your friends and see them. If you like them we will get some more.

The Easter service will be held Sunday morning. The plans have not all been completed but we are hoping to give you something worth while. The sermon will be "He Is Risen."

We are planning a Sunrise Prayer Meeting for Sunday morning at 6:30. All invited.

DR. H. J. WATERS TO SPEAK HERE

WILL ADDRESS ANNUAL CHAMBER OF COMMERCE BANQUET

WILL ELECT DIRECTORS

At This Meeting—Reservations Now Being Made—To Be Held At Residence Hall

Dr. Henry J. Waters, editor of the Weekly Kansas City Star and one of the foremost educators in the Middle West, has been secured to deliver the principal address at the annual banquet of the Maryville Chamber of Commerce on April 10. Dr. Waters has been editor of the Weekly Star for many years coming there from Manhattan, where he had been president of the Kansas State Agricultural School. He was formerly head of the department of agriculture of the University of Missouri.

The complete program for the remainder of the banquet will be announced Monday. Geo. A. Pickens, secretary of the Chamber said this morning that the program was to be "snappy" all the way through and all possible precautions would be made to eliminate any dullness or dragging. The banquet will be held in the dining room of the Residence Hall at the College. Persons from the country and other towns are invited to attend, but Mr. Pickens asks that they make their reservations early. Already several reservations have been made. Last year there were 325 members present. Attorney-General Jessie W. Barrett was the principal speaker last year.

At this meeting three new directors will be elected. The retiring directors are President Fred R. Wolfers, M. E. Ford and F. S. King. After the new directors are elected a new president will be chosen by them.

ASKS COURT FOR TAX LEVY OF 10C

TO PAY OFF THE PROTESTED WARRANTS OF BRIDGE FUND

PETITION FILED TODAY

Matter Will Come Up Before Judge Dawson in Circuit Court—Levy Needed to Pay Warrants

A tax levy of 10 cents on the $100 assessed valuation is requested by the county court for the purpose of paying off the protested warrants of the bridge fund. A petition to this effect was filed today by O. L. Curl, prosecuting attorney, at the request of the county court, asking the circuit court to make an order directing the county court to make such a levy.

The petition will come up before Judge Dawson in circuit court at the April term. The petition states there are $70,727.30 in protested warrants on the bridge fund and that the present levy is not sufficient to pay off these warrants. The levy at the present time is 25 cents. The outstanding warrants are drawing six per cent interest.

The petition further states:

"The 10 cent levy in excess of the 25 cent levy will be sufficient within a reasonable time to pay off this indebtedness, and the application of the funds deprived therefrom will be used in the discharge of the indebtedness."

It was stated that the levy should be contiued from year to year until the indebtedness has been paid off.

An Income Every Day

How many days of the year does your farm lay you off without pay? E. V. Wilcox, who has been studying this problem for years, cites some surprising facts in

The COUNTRY GENTLEMAN

And then tells how your farm may give you a better and a more regular job—as a matter of fact, *an income every day.*

Briefly, the trouble lies in the fact that, with a one-crop-system, it's too long between pay days. One needs a home garden, fruit trees, poultry, dairy cows—anything that will round out the seasons and bring in the extra dollars—but read what Mr. Wilcox has to say about it.

There's another article in next week's issue which it will also pay you to read—it's about how our present high tariff costs farmers $301,000,000 a year. And for *only one* dollar you can get 52 numbers such as this—numbers which will help you *make more money in '23.*
